8) In Forgot password email there are some text changes that I would suggest.

- 1) Forgot Your password? Should be written like "Forgot your password?"
- 2) HI should be written like "Hi"
- 3) I think the client is not looking to change his password he is here then we can say like "To add your password you can click the below button" If you did not make this request you can just ignore this email."
- 4) Please remove the work "Welcome to Adifect"
- 5) Buttons should match like our website.

Welcome to Adifect  
Forgot Your password?

Hi, Mohit Jaswal  
There was a request to change your password!

If did not make this request, just ignore this email. Otherwise, please  
click the button below to change your password:
